

Side Event: Influence of AI technology and governance developments on the LAWS GGE

Thursday, September 4th, 2025 from 13:00-15:00

Palais des Nations, Room XXV

Experts in military affairs and international law from Europe, China, the USA, Russia and India will share their knowledge about how issues at the forefront of regulation of AI-enabled military systems impact the LAWS GGE. All speakers have participated in INHR's multilateral dialogue on international cooperation, which dates to 2018. The United Services Institution of India and Denmark's Rethink Advisory are cosponsors of the event. A light lunch and refreshments will be provided prior to the discussion.

Email contact@inhr.org for further information.
